## Sports-Cote **SPORTS-LINE WB**

Water-based Polyurethane Line-marking Paint

**SPORTS  
COATINGS**  
TECHNOLOGY AT YOUR FEET

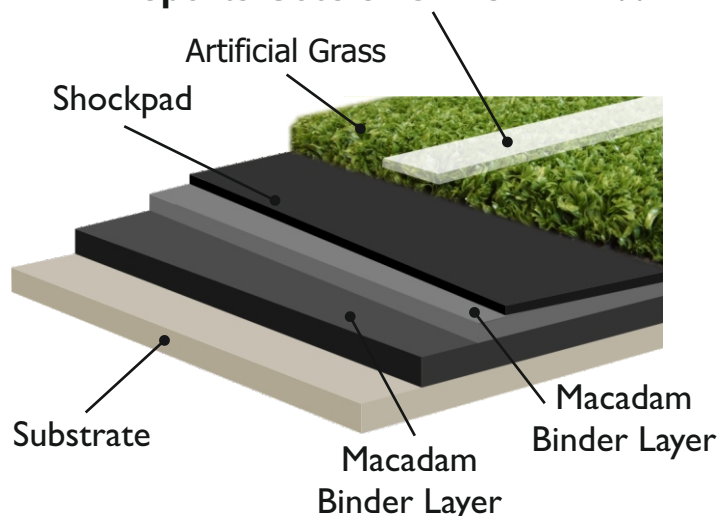

### Standard Colours

The colour of the applied coating may differ from the above representation. Contact our Technical Service Department if an accurate sample is required.

### Court Design Sports-Cote **SPORTS-LINE WB**

#### Sports-Cote **SPORTS-LINE WB**

#### Description

**Sports-Cote SPORTS-LINE WB** is a single-pack water-based polyurethane paint for line-marking artificial grass sports pitches.

**Sports-Cote SPORTS-LINE WB** is a paint specially formulated for application to all types of artificial grass including those with yarn systems based on nylon, polypropylene and polyethylene whatever the pile length.

**Sports-Cote SPORTS-LINE WB** incorporates a unique blend of polymers and tack promoters to ensure optimum adhesion and longevity. **Sports-Cote SPORTS-LINE WB** also utilizes UV resistant polyurethane technology, providing the paint with outstanding colour retention properties throughout its service life.

#### Uses

**Sports-Cote SPORTS-LINE WB** is used to line-mark activity areas on all manner of artificial grass sports pitches.

**Sports-Cote SPORTS-LINE WB**'s colour retention properties ensure that activity lines remain highly visible for the lifetime of the paint.

#### Preparatory Work

Artificial grass pitches must be clean and dry prior to the application of **Sports-Cote SPORTS-LINE WB**.

#### Application

**Sports-Cote SPORTS-LINE WB** can be applied by the **GMC Spray Machine** or any suitable battery-driven spray machine (contact our Technical Service Department). Line-marking machines can be cleaned with **GMC Powerflush** (see the **GMC Powerflush** Technical Data Sheet).

#### Application Conditions

**Sports-Cote SPORTS-LINE WB** should only be applied in fine, dry weather and when ambient temperature is higher than 5°C and likely to remain so for 6-7 hours after application.

#### Recommended Dilution Rate

For optimum performance, use **Sports-cote SPORTS-LINE WB** neat.

**Note: situations where frost may occur within 24 hours of painting must be avoided.**

# DATA SHEET

## Sports-Cote **SPORTS-LINE WB**

Water-based Polyurethane Line-marking Paint

### Coverage

At a line width of 50mm, 20-40 linear metres/litre.

**Note: coverage will vary depending on substrate porosity, application temperature and technique. In the case of artificial grass, fibre type and pile length significantly affects coverage.**

### Drying Time

Drying time:                      Approx. 1 hour at 20°C.

**Note: drying time is dependent on ambient temperature and relative humidity levels. If applied below 20°C or in cool, damp air, drying times will be extended.**

### Packaging

12.5 litre jerricans.

### Shelf Life

**Sports-Cote SPORTS-LINE WB** has a shelf life of approximately 6 months in original, unopened containers.

### Storage

Store above 5°C in an environment safe from frost. **Sports-Cote SPORTS-LINE WB** is a water-based paint, making it relatively safe to use and minimising the risk of environmental impact from its usage. For more detailed information please refer to **Sports-Cote SPORTS-LINE WB's** current Material Safety Data Sheet.

### Further Information

To ensure you are specifying or applying a fit for purpose line paint please contact our Technical Services Department.
