

Description

Centrecoat R06 BR Roof Cleaner is a high performance renovating cleaner designed to remove organic and microbiological growth contaminants. Suitable for use on porous hard ground surfaces such as natural stone, cement, tarmac, brick, terracotta, clay etc.

- ▶ Once applied will typically keep working for up to 2-3 years
- ▶ Reduces on-going maintenance costs
- ▶ Scrubbing or power washing not required
- ▶ Professional strength

Sold as a concentrated liquid, this cleaner is formulated to remove moss, lichen and algae from substrates and furthermore protecting the substrate. Centrecoat R06 does not contain solvents, acids or caustic soda.

Application

Always test a small area before use, preferably hidden.

Supplied as a concentrate, dilute 1 part R06 with 50 parts water. 60ml dosage of product makes 1 litre of ready to use product by adding water. Always test on a small hidden area before use.

Apply to the surface using a sprayer and lance. Soak the complete area with a generous and even application. Results will start to show within 24 hours. Centrecoat BR Roof Cleaner can continue to work up to 2 - 5 years. This is dependant on environmental conditions.

Ideally after use, protect the cleaned surface with an anti fungal agent to limit regrowth.

Technical Data

- ▶ Odour: Characteristic
- ▶ pH: <12
- ▶ Soluble in water
- ▶ Specific Gravity: 1.09
- ▶ Colour: Pale Straw
- ▶ VOC: 0g/l

Coverage Rate

- ▶ Heavy soiling: 3 m2 per litre
 - ▶ Light soiling: 5m2 per litre
- The more porous the surface, the less the coverage rate will be.

Clean Up

Clean equipment after use with clean warm water.

Storage

Store away from frost and heat in a dry place: temperature between 5°C and 35°C.

Shelf Life

12 months from the date of production when kept in the original unopened container.
