# Futura **AQUA**

## Suitable for all kinds of furniture

Futura Aqua is a modern, water-borne paint family with exceptionally versatile products. They provide excellent applicability, hardness, and durability of alkyd paints in a modern, user-friendly, and environmentally sound form. Futura Aqua furniture paints also boast excellent resistance to weather and UV rays, and they retain their colour and gloss over time.

Futura Aqua furniture paints are suitable for use on primed wood, metal and building board surfaces, and old alkyd surfaces. The paint is easy to apply both by brush and spray. It gives a smooth finish also on vertical surfaces. Futura Aqua paints do not drip, which makes application even more effortless.

**Indoors**, typical uses of Futura Aqua products include fixtures and fittings: furniture, doors, cupboards, window frames, slats, handrails, panel surfaces, ducts, and radiators.

**Outdoors**, Futura Aqua 80 and 40 are suitable for primed window frames, doors, furniture, banisters, fence structures, etc.

**The Futura Aqua series** has three gloss levels: 20 semi-matte, 40 semi-gloss, and 80 gloss. Also available is the versatile Futura Aqua 3 primer. Futura Aqua paints can be tinted with all Indoor Painting Colour Chart shades. The semi matte Futura Aqua 20 is also available in a ready-made white shade (NCS S 0502-Y).

### FUTURA AQUA 80

**Gloss furniture paint.** A water-borne, urethane alkyd-based surface paint for fixtures and fittings. For shiny and durable surfaces indoors and outdoors. **Gloss group:** 2 (glossy). **Package sizes:** 0.45 l, 0.9 l ja 2.7 l. **Colour:** Bases 1 and 3, can be tinted with all Indoor Painting Colour Chart shades.

### FUTURA AQUA 40

**Semi-gloss furniture paint.** A water-borne, urethane alkyd-based surface paint for fixtures and fittings. An excellent all-purpose paint for indoor furniture. Lighter shades are also suitable for outdoor use, such as window frames. **Gloss group:** 3 (semi-glossy). **Package sizes:** 0.45 l, 0.9 l, 2.7 l ja 9 l. **Colour:** Bases 1 and 3, can be tinted with all Indoor Painting Colour Chart shades.

### FUTURA AQUA 20

**Semi-matte furniture paint.** A water-borne, urethane alkyd-based surface paint for indoor fixtures and fittings. For a beautiful, smooth semi-matte surface to furniture and wall panelling. **Gloss group:** 4 (semi-matte). **Package sizes:** 0.45 l, 0.9 l, 2.7 l, and 9 l. **Colour:** Bases 1 and 3 and ready-made white (NCS S 0502-Y), can be tinted with all Indoor Painting Colour Chart shades.

### FUTURA AQUA 3

**Adhesion primer.** A water-borne alkyd-based adhesion primer for indoor wood and galvanised metal surfaces and outdoor wood surfaces. Promotes the adhesion and durability of the finishing coat. **Gloss group:** 6 (matte). **Package size:** 0.45 l, 0.9 l, 2.7 l, and 9 l. **Colour:** White and base 3, can be tinted with all Indoor Colour Chart shades.

## Colour for all surfaces

Teknos is a Finnish family-owned business, which was established in 1948. It is one of the leading suppliers of paint in Scandinavia. The versatile selection of Teknos products includes paints and coatings for wooden, mineral and metal surfaces, for exterior and interior use.

Teknos has a strong position in retail and architectural coatings and a network of well-established sales agents and representatives in Scandinavia, Central Europe and Russia.
