

Description

Centrecoat Damp Proof Basement Paint is suitable for use on damp interior wall surfaces including brick, concrete, cement and plaster (NOT BREEZE BLOCKS), either as a primer /sealer prior to overpainting or as a finish in its own right. Can be brush or airless spray applied.

- ▶ Solvent based pliolite resin matt coating
- ▶ Especially formulated to deal with damp interior walls
- ▶ Incorporates a water reactive agent
- ▶ Can be left as a finish in its own right
- ▶ Can also be used as a damp proofing primer/sealer prior to over-painting

Note: This does not remove the need to repair any structural faults which allow water to penetrate into the fabric of the wall.

Colour / Finish

Available in White. Matt finish.

Technical Data

- ▶ Touch Dry: 2 - 3 hours at 20°C
 - ▶ Overcoatable: 16 - 24 hours at 20°C
- Curing of the coating can be extended at lower temperatures.

Coverage

Up to 8 m2 per litre. Apply 2 coats.

It is important to ensure that this total film thickness is achieved-do not overspread.

Application

Stir well before use. This paint should be applied preferably to unpainted masonry surfaces. however, if these have been previously painted remove as much of the old paint as possible by thorough scraping and wire brushing. Avoid the inhalation of dust. Wear a suitable face mask if dry sanding.

Treat any mould or lichen with [Centrecoat GS36 Fungicidal Wash Solution](#) before removing with a scraper or stiff brush, then treat again. Special precautions should be taken during surface preparation of pre 1960's paint surfaces over wood and metal as they may contain harmful lead.

Cleaner / Thinner

Remove as much as possible from application equipment before cleaning. Clean equipment immediately after use with white spirit.

Shelf Life

Up to 2 years if stored correctly in an unopened container.

Packaging

Available in 5 Litres.

Precautions

- ▶ Flammable keep away from sources of ignition.

- ▶ Ensure good ventilation during application.
- ▶ Wear gloves, goggles and suitable protective clothing.
- ▶ In case of contact with eyes rinse immediately with plenty of water and seek medical advice.
- ▶ Remove splashes from the skin with a recognised hand cleaner or plenty of soap and water.
- ▶ Keep out of reach of children.
- ▶ Do not use near fish ponds. Toxic to aquatic organisms. May cause long term adverse effects in the aquatic environments. Do not empty into drains
