

Description

Centrecoat R267 Clear Anti-Graffiti Coating is a high performance single pack coating for areas subject to graffiti. Provides a clear, highly durable, low-odour, washable non-sacrificial coating that is tough & can be used both internally and externally. Based on a special resin and does not contain tin.

Centrecoat R267 Clear Anti-Graffiti Coating is a versatile coating with excellent adhesion to old painted surfaces (emulsion and alkyd based), concrete, stone, render, metal, cladding, murals & plastic surfaces. Typical environments where its highly durability & stain resistance excel include hospitals, nurseries, schools and universities, gymnasiums, hotels and restaurants, factories, offices and any public area subject to levels of potential graffiti.

Benefits

- ▶ Quick drying and easy to apply
- ▶ Suitable for use in areas of high humidity and can be used on internal surfaces
- ▶ Allows for the surface to be regularly wiped. Will also withstand light scrubbing when trying to remove more aggressive marks and stains.
- ▶ Resistant to every day stains, marks and scuffs
- ▶ Scrub resistance and has very low dirt pick-up
- ▶ Can be removed with a special coating stripper

Application

Ensure surface is dry and free from dirt, dust, oil and organic growth. Apply via brush, short pile / gloss roller or airless spray in an even manner. Ensure no drips or runs occur. Previous coatings must be fully cured before applying Centrecoat R267 Clear Anti-Graffiti Coating.

For an optimum performance on more porous substrates apply 2 coats.

Technical Data

- ▶ Touch Dry: 1 - 3 hours at 20°C
- ▶ Overcoatable: After 4 hours at 20°C

Coverage

Up to 5 - 10m² per litre. This will vary according to the method of application, porosity and texture of the surface.

Clean Up

Remove as much paint as possible from brushes and rollers prior to cleaning with white spirit.

Shelf Life

24 months from the date of manufacture in the original unopened container.

Packaging

Available in 5 Litres.

Health & Safety

Please refer to Material Safety Data Sheet for additional information.
KEEP OUT OF THE REACH OF CHILDREN & ANIMALS.
