

# SAFETY DATA SHEET

SECTION 1: Identification of t	he substance/mixture and of the compan	y/undertaking	
1.1. Product identifier			
Product name	138/W224 - GUARD-COAT BASE FOR TILE RED, BLACK, WHITE, GREEN, SAFETY RED & YELLOW		
Product number	138/W224/65/2/1/15/766/776		
UFI	UFI: ASKP-4254-2000-EPQN		
1.2. Relevant identified uses of	of the substance or mixture and uses adv	ised against	
Identified uses	BASE FOR TWO COMPONENT FLOO	DR COATING	
1.3. Details of the supplier of the supplicit states and the supplicit states are supplied as the supplicit states are supplicit. The supplicit states are supplicit states are supplicit states are supplicit states are supplicit. The supplicit states are supplicit states are supplicit states are supplicit states are supplicit. SDS No.	11274		
SECTION 2: Hazards identific	cation		
2.1. Classification of the subs Classification (EC 1272/2008) Physical hazards			
Health hazards	Skin Irrit. 2 - H315 Eye Irrit. 2 - H319 S	kin Sens. 1 - H317	
Environmental hazards	Aquatic Acute 1 - H400 Aquatic Chronic 1 - H410		
Human health	The product contains a small amount of sensitising substance. May cause skin sensitisation or allergic reactions in sensitive individuals.		

Physicochemical

When handled correctly, undamaged units represent no danger.

# 2.2. Label elements

Hazard pictograms	
Signal word	Warning
Hazard statements	H315 Causes skin irritation. H319 Causes serious eye irritation. H317 May cause an allergic skin reaction. H410 Very toxic to aquatic life with long lasting effects.
Precautionary statements	<ul> <li>P102 Keep out of reach of children.</li> <li>P101 If medical advice is needed, have product container or label at hand.</li> <li>P270 Do not eat, drink or smoke when using this product.</li> <li>P273 Avoid release to the environment.</li> <li>P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.</li> <li>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P337+P313 If eye irritation persists: Get medical advice/ attention.</li> <li>P303+P361+P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing.</li> <li>Rinse skin with water or shower.</li> <li>P332+P313 If skin irritation occurs: Get medical advice/ attention.</li> <li>P501 Dispose of contents/ container in accordance with national regulations.</li> </ul>
Supplemental label information	Contains a biocidal product May produce an allergic reaction. EUH211 Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.
Contains	FORMALDEHYDE, OLIGOMERIC REACTION PRODUCTS WITH 1-CHLORO-2,3- EPOXYPROPANE AND PHENOL, OXIRANE, MONO [(C12-14- ALKYLOXY)METHYL] DERIVS
Supplementary precautionary statements	P261 Avoid breathing vapour/ spray. P370+P378 In case of fire: Use alcohol resistant foam, carbon dioxide or dry powder to extinguish. P403+P233 Store in a well-ventilated place. Keep container tightly closed.
2.3. Other hazards	

This product does not contain any substances classified as PBT or vPvB.

## SECTION 3: Composition/information on ingredients

# 3.2. Mixtures

FORMALDEHYDE, OLIGON WITH 1-CHLORO-2.3-EPO	VERIC REACTION PRODUCTS	10-30
CAS number: 9003-36-5	EC number: 500-006-8	REACH registration number: 01- 2119454392-40-0003

M factor (Acute) = 1000	M factor (Chronic) = 100	
<b>Classification</b> Aquatic Acute 1 - H400 Aquatic Chronic 1 - H410	<b>Cla</b> s N;R	ssification (67/548/EEC or 1999/45/EC) 50.
The Full Text for all R-Phrase	es and Hazard Statements are Display	ed in Section 16.
Composition comments	_	y inhalation applies only to mixtures in powder form ioxide which is in the form of or incorporated into particless than or equal to 10um.
SECTION 4: First aid measur	res	
4.1. Description of first aid me	easures	
General information	Move affected person to fresh air ar breathing. Never give anything by n	nd keep warm and at rest in a position comfortable for nouth to an unconscious person.
Inhalation	keep warm and at rest in a position	e of contamination. Move affected person to fresh air an comfortable for breathing. Get medical attention if any cious person on their side in the recovery position and

Ingestion	Give a few small glasses of water or milk to drink. Never give anything by mouth to an unconscious person. Do not induce vomiting. Get medical attention if any discomfort continues.	
Skin contact	Remove affected person from source of contamination. Rinse immediately with plenty of water. Remove contaminated clothing. Get medical attention if irritation persists after washing.	
Eye contact	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention immediately. Continue to rinse.	
4.2. Most important symptoms	and effects, both acute and delayed	
General information	Get medical attention promptly if symptoms occur after washing.	
4.3. Indication of any immediat	e medical attention and special treatment needed	
Notes for the doctor	No specific recommendations. If in doubt, get medical attention promptly.	
SECTION 5: Firefighting measurements	ures	
5.1. Extinguishing media		
Suitable extinguishing media	Non flammable at room temperature, but will burn. Use fire-extinguishing media suitable for the surrounding fire. Extinguish with the following media: Water spray, fog or mist. Foam, carbon dioxide or dry powder.	
5.2. Special hazards arising fro	m the substance or mixture	
Specific hazards	Toxic gases or vapours.	
5.3. Advice for firefighters		
Protective actions during firefighting	Avoid breathing fire gases or vapours. Containers close to fire should be removed or cooled with water.	
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.	
SECTION 6: Accidental release	e measures	
6.1. Personal precautions, prot	ective equipment and emergency procedures	
Personal precautions	Avoid inhalation of vapours and contact with skin and eyes. Provide adequate ventilation. Wear protective clothing as described in Section 8 of this safety data sheet.	
6.2. Environmental precautions		
Environmental precautions	Avoid discharge into drains or watercourses or onto the ground. Contain spillage with sand, earth or other suitable non-combustible material. Spillages or uncontrolled discharges into watercourses must be reported immediately to the Environmental Agency or other appropriate regulatory body.	
6.3. Methods and material for c	containment and cleaning up	
Methods for cleaning up	Avoid the spillage or runoff entering drains, sewers or watercourses. Absorb in vermiculite, dry sand or earth and place into containers. Collect and place in suitable waste disposal containers and seal securely. For waste disposal, see Section 13.	
6.4. Reference to other section	<u>S</u>	
Reference to other sections	For personal protection, see Section 8.	
SECTION 7: Handling and stor	age	
7.1. Precautions for safe handl	ing	

Usage precautions	Avoid inhalation of vapours. Avoid spilling, skin and eye contact. Do not eat, drink or smoke when using the product. Good personal hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site. The Manual Handling Operations Regulations may apply to the handling of containers of this product. For products sold by weight refer to the guide net weight indicated on the container. Allowance will have to be made for the immediate packaging to give an approximate gross weight.
7.2. Conditions for safe storage	e, including any incompatibilities
Storage precautions	Store in tightly closed original container in a dry, cool and well-ventilated place. Store in closed original container at temperatures between 5°C and 25°C. Protect from freezing and direct sunlight. Keep containers upright.
7.3. Specific end use(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
Usage description	Collect and place in suitable waste disposal containers and seal securely. Label the containers containing waste and contaminated materials and remove from the area as soon as possible.

## SECTION 8: Exposure controls/Personal protection

## 8.1. Control parameters

### Occupational exposure limits

#### **Titanium Dioxide**

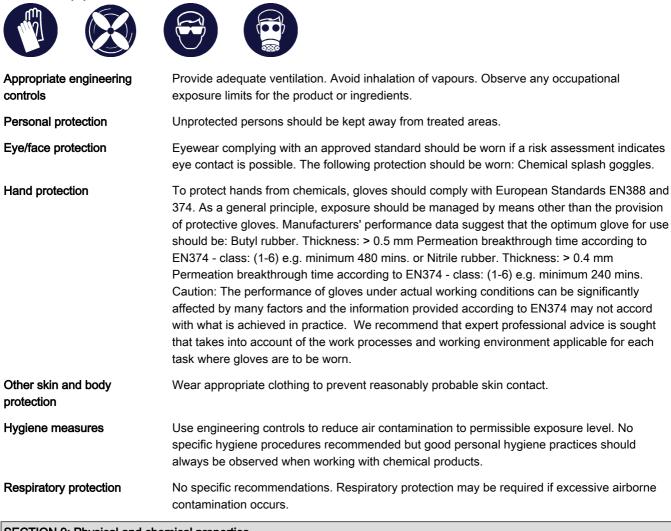

Long-term exposure limit (8-hour TWA): WEL 10 mg/m<sup>3</sup> inhalable dust Long-term exposure limit (8-hour TWA): WEL 4 mg/m<sup>3</sup> respirable dust WEL = Workplace Exposure Limit.

# SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Appearance	Viscous liquid. Coloured liquid.
Colour	Red.
Odour	Sweetish.
Odour threshold	Not determined.
рН	Technically not feasible.
Melting point	Not determined.
Initial boiling point and range	>150°C @ 760 mm Hg
Flash point	28 (approx.)°C Closed cup.
Evaporation rate	Not determined.
Evaporation factor	Not determined.
Upper/lower flammability or explosive limits	: 0.8

Other flammability	Not determined.			
Vapour pressure	<0.1 mbar @ °C			
Vapour density	heavier than air			
Relative density	1.12 @ @ 25C°C			
Solubility(ies)	Immiscible with water			
Partition coefficient	Not determined.			
Auto-ignition temperature	>200°C			
Decomposition Temperature	Not determined.			
Viscosity	0.90 Pas @ 25 C°C			
Explosive properties	Not determined.			
Explosive under the influence of a flame	Not considered to be explosive.			
Oxidising properties	Not determined.			
9.2. Other information				
Volatile organic compound	EU: (cat A/j): 140 g/l 2010. This product contains a maximum VOC content of <1 g/litre.			
SECTION 10: Stability and rea	ctivity			
10.1. Reactivity				
Reactivity	There are no known reactivity hazards associated with this product.			
10.2. Chemical stability				
Stability	Stable at normal ambient temperatures and when used as recommended.			
10.3. Possibility of hazardous	reactions			
Possibility of hazardous reactions	Will not occur			
10.4. Conditions to avoid				
Conditions to avoid	Not known.			
10.5. Incompatible materials				
Materials to avoid	Strong acids. Alkalis - inorganic. Amines. Mercaptans (thiols).			
10.6. Hazardous decomposition products				
Hazardous decomposition products	Oxides of carbon. Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapours.			
SECTION 11: Toxicological int	formation			
11.1. Information on toxicologi	cal effects			
Toxicological effects	No data recorded.			
General information	No specific health hazards known.			
Inhalation	May cause respiratory system irritation.			

Ingestion	Harmful if swallowed. Ingestion may cause severe irritation of the mouth, the oesophagus and the gastrointestinal tract.			
Skin contac	contact Irritating to skin. May cause sensitisation by skin contact.		ו by skin contact.	
Eye contac	tact Irritating to eyes.			
Acute and on hazards	chronic health		Delayed appearance of the complaints and y breathing, coughing, asthma) are possible.	
Route of ex	kposure	nhalation Skin absorption. Ingestion. Sk	xin and/or eye contact.	
Medical cor	nsiderations	kin disorders and allergies.	orders and allergies.
