Coating Solutions for Fisheries

International[®] Range of Marine Coatings

For over 135 years, we have successfully provided solutions to the global marine industry's constantly evolving needs and earned a reputation of trust and quality.

We offer a comprehensive range of products and services to meet the needs of a diverse range of coastal fleets and vessel types, operating within a wide range of trading patterns.

Recommended coatings for wood vessels

Areas of Vessel	Coatings for NB & M&R
Underwater	Intertuf [®] 203 Interspeed [®] 6200/6400
Above Water, Superstructure	Intertuf [®] 203 Intersheen [®] 579 Interlac [®] 665
Internal Structures, External Deck	Interprime [®] 198 Interlac [®] 665

Recommended coatings for steel vessels

Areas of Vessel	Coatings for NB & M&R
Underwater	Intertuf [®] 262 Intershield [®] 300 Intergard [®] 263 Interspeed [®] Series Interswift [®] Series
Above Water, Superstructure	Intertuf [®] 262 Intershield [®] 300 Intergard [®] 263 Interthane [®] 990
Internal Structures, External Deck	Intergard [®] 7600 Interbond [®] 201

Products for the Fisheries Market

Intertuf[®] 262: A low VOC, two-component epoxy with excellent water resistance – can be used as a corrosion resistant primer for structural steel & processing vessel exteriors.

Intergard[®] 263: A two-component, tar-free epoxy tie coat to ensure maximum system adhesion & performance on outside shell vessel areas.

Interspeed[®] 6200/6400: TBT-free self polishing antifouling. 12 to 24 months protection.

Interswift[®] Series: A range of self-polishing antifouling, including **Interswift[®] 6600**. 12 to 60 months protection.

Intersheen[®] 579: A fast drying, one-pack, modified acrylic finish.

Interthane[®] 990: A two-pack, acrylic polyurethane finish, giving excellent durability and long term recoatability. Suitable for use on topsides, external superstructures and decks.

Intergard[®] 7600: A light colored, pure epoxy universal primer with good abrasion resistance & corrosion properties. Suitable for use in water ballast tanks, cofferdams, void spaces, bilges and crude oil tanks. Also use in Maintenance & Repair or On Board Maintenance.

Interbond[®] 201: A hard wearing surface tolerant two-pack epoxy finish, offering corrosion protection in one coat.

Intertuf[®] 203: A one-pack, tar-free vinyl primer for wood and steel above and below water areas.

Interprime[®] 198: For maintenance of above water and internal areas. Approved for the carriage of food & grains.

Interlac[®] 665: A one-pack gloss finish.

Intershield[®] 300: A light coloured, abrasion resistant, aluminium pure epoxy coating, giving excellent long term anticorrosive protection.

*All coatings recommended may not be suitable for use on tanks
