

Project study(26) – Zingaised Range Rover bodywork

ZINGA®

Paintwork is removed by burning

Body-shell is blast-cleaned

System used:

1. Blast-clean to Rz 50µm
2. Apply Zinga to 60µm DFT
3. Apply standard 2K primer
4. Sand as normal
5. Apply standard 2K finish

Body-shell galvanised with Zinga

Application of 2K primer and 2K finish to complete the project
