To Whom It May Concern

6th February 2017

Re: Amerlock 2 / Amerlock 400

Dear Sirs,

During the recent Global re-branding exercise carried out by PPG PMC, Amerlock 2 & Amerlock 400 have now been dual branded to read as:-

1. Amerlock 2 / SigmaCover 2
2. Amerlock 400 / SigmaCover 400

We confirm the above products have been subject to a name change only with no change to the formulations having been made.

Please also refer to Product Data Sheets accompanying this letter.

We trust this meets with your approval.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'K Walker', with a horizontal line underneath.
