

# THE GREAT CLASSIC

*of interior renovation*

## Perfect finish

*Classidur Goldenclassic*, with its excellent smoothness and completely matt finish totally eliminates the need for retouching and assures a high-quality perfect finish every time.

## zero tension

*Classidur Goldenclassic* with its complete lack of tension, removes all risk of flaking and peeling during renovation, simplifying the preparation with complete dependability.

without tension    with tension

## “wet on wet” application

After the 1st coat turns matt (after ± 1 hour, depending on the condition of the substrate) the 2nd coat can be applied. Unnecessary and expensive waiting times can be avoided.

## stain covering

*Classidur Goldenclassic* blocks any stains, even soot, nicotine or watermarks, without the need for washing and scrubbing beforehand.

## Performance and safety

# MATT VERSATILITY

*Polymerised resin-based paint at its best*

## 100% zero tension with total stain blocking

*Classidur Modern Plus* dries by rapid hardening, with zero tension. Its isoparaffinic solvent content has a neutral odour and exceptional stain blocking properties. *Classidur Modern Plus* is not a barrier coat.

*The solution for even the most demanding renovation work*

## Shows resistance to humid environments

With its polymerized non-swelling binders *Classidur Modern Plus* withstands long-term damp and humid environments. Use *Classidur Tradition* with its inherent film to protect against mould infestation where extreme conditions apply.

*The solution for renovation work in difficult environments including exteriors under protective covering*

## Rapid hardening, can be washed and wallpapered

With its combination of binders and exceptionally fast drying and hardening process, *Classidur Modern Plus* produces a scratch-resistant film that can be wallpapered the day after application.

*The solution for a wall finish with outstanding stain blocking, matt properties and scratch resistance*

## Does not yellow

*Classidur Modern Plus* is non yellowing, even in locations with little or no exposure to daylight.

*The non-yellowing solution for ceilings and walls.*

# THE GREAT CLASSIC

*of interior renovation*

## AREA OF APPLICATION

Classidur Goldenclassic is particularly recommended for interior renovation as well as high quality new work.

## APPLICATION PROPERTIES

Easy to apply  
Low density  
"wet on wet" application  
Good coverage  
No primer or undercoat needed  
Excellent productivity  
Allows a simplified preparation of the substrate

## PROPERTIES OF THE DRY FILM

Totally matt  
Stain-covering  
No overlapping marks  
Very white  
Controlled yellowing  
Excellent water vapour permeability

\*Information sur le niveau d'émission de substances volatiles dans l'air intérieur, pendant un usage de l'ouvrage par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

# MATT VERSATILITY

*Polymerised resin-based paint at its best*

## AREA OF APPLICATION

A top-quality interior matt paint particularly suitable for areas subjected to mechanical stress (walls...). Rapid drying and hardening. Can be covered with light-weight wallpaper when dry.

## APPLICATION PROPERTIES

User friendly application  
Odour free  
Exceptional stain blocking properties  
Rapid drying

## PROPERTIES OF THE DRY FILM

Matt finish without overlapping marks  
Zero tension  
Rapid hardening  
Abrasion resistant  
Non yellowing

\*Information sur le niveau d'émission de substances volatiles dans l'air intérieur, pendant un usage de l'ouvrage par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

*Programmed for success*
