

Coefficient of Friction Anti Slip Test Data

There are various methods of testing coefficient of friction, pendulum is a dynamic method.

Product	Black standard safety-grip H3401	
Slider	TRL	
Test method	Dry	Wet
Result	102	71
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Black coarse safety-grip H3402	
Slider	TRL	
Test method	Dry	Wet
Result	99	75
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Black HGXC X-Coarse	
Slider	TRL	
Test method	Dry	Wet
Result	102	80
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Aqua-Safe H3405	
Slider	Four S	
Test method	Dry	Wet
Result	106	31
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Black resilient, H3408	
Slider	Four S	
Test method	Dry	Wet
Result	102	42
Testing laboratory	Sotter Friction Testing Service	

Product	Coarse resilient	
Slider	TRL	
Test method	Dry	Wet
Result	95	60
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	H3418	
Slider	Four S	
Test method	Dry	Wet
Result	92	25
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	H3435	
Slider	TRL	
Test method	Dry	Wet
Result	116	30
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	H4644	
Slider	Four S	
Test method	Dry	Wet
Result	97	N/A
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Greg cushion grip	
Slider	TRL	
Test method	Dry	Wet
Result	108	62
Testing laboratory	Sotter Friction Testing Service, California, USA	

Product	Transparent safety-grip	
Slider	TRL	
Test method	Dry	Wet
Result	104	58
Testing laboratory	Sotter Friction Testing Service, California, USA
